WOODMEAD

Dear Parent

Makro Woodmead and your school have joined efforts to stretch your school's funding to assist in your child's education.

The Principal has agreed to join the **Makro School Rebate Programme** on the basis that all parents from your school will get linked under the school's name as a group.

Every six months your school will receive a percentage of the profits Makro Woodmead acquired from group sales.

NB: It is important to note that **only purchases from the Woodmead branch will be acknowledged for the rebate,** whilst you are still welcome to use your card at any Makro branch.

By applying for a Makro card, you not only benefit by getting the best deal in the world on Food, Liquor and General Merchandise, but you can now also contribute to your school's funding.

You can apply for your personal FREE Makro card by completing the attached application form and returning it to the school. If you are an existing Makro customer, fill your card number and details on the attached application form and we will add your existing card to the programme.

You are welcome to contact Carl Volbrecht should you require further information.

Enjoy your shopping experience at Makro Woodmead!
